About

Hi - Care Gloves Pvt. Ltd

Hi - Care Gloves Pvt. Ltd, established in the year 1999 is an ISO 13485:2016 & ISI certified and one of the leading company having an extensive experience in the field of manufacturing medical disposable gloves with an excellent reputation for Quality and Customer Service. All our gloves are carefully inspected by our specialized QC team to ensure that the finest products reach the hands of our valued healthcare professionals.

We are committed to provide high quality products with full safety measures. Our company is equipped with advanced machines and systems that adhere to the latest technology. We have 5 lines of production with a capacity of 0.6 million pairs of production per day. With experienced production and QC teams, our gloves are designed to be perfectly anatomical for comfortable fitting and makes it the safest protective hand wear for surgeons

Our vision

To lead as the premier healthcare team at global level in Promoting health and safety in the field of medical science.

To be the first choice for single use of medical disposable gloves.

Our Mission

To apply the healthcare industry best practices and technology to manufacture quality products.

To provide prompt, reliable, and effective products and services appropriate for the health care professional's needs, health, and safety.

Surgical gloves are disposable gloves that are used during medical operations to prevent any kind of contamination between the physician or surgeon and the patient.
